Graduate Events!
Meet university students

Our STEM Women Community

Our events are aimed at attendees who:

- Are studying or have recently graduated from a STEM related course at university.
- Are eligible to work without requiring a visa or sponsorship.
- Are looking for internships, placements or graduate careers

THE BELOW CHART SHOWS THE ANTICIPATED COURSE, GRADUATION & STUDY LEVEL SPLIT BASED ON PAST EVENTS:

KEY COMMUNITY STATISTICS:

120,000+

STEM Women online community members, comprising STEM students and recent graduates who have registered on our website or followed us on social media.

100,000+

Page followers across our social media accounts, where we promote all event exhibitors.

70%

On average across our in person events, 70% of attendees have the right to work in the country we are hosting the event in, and do not need sponsorship.

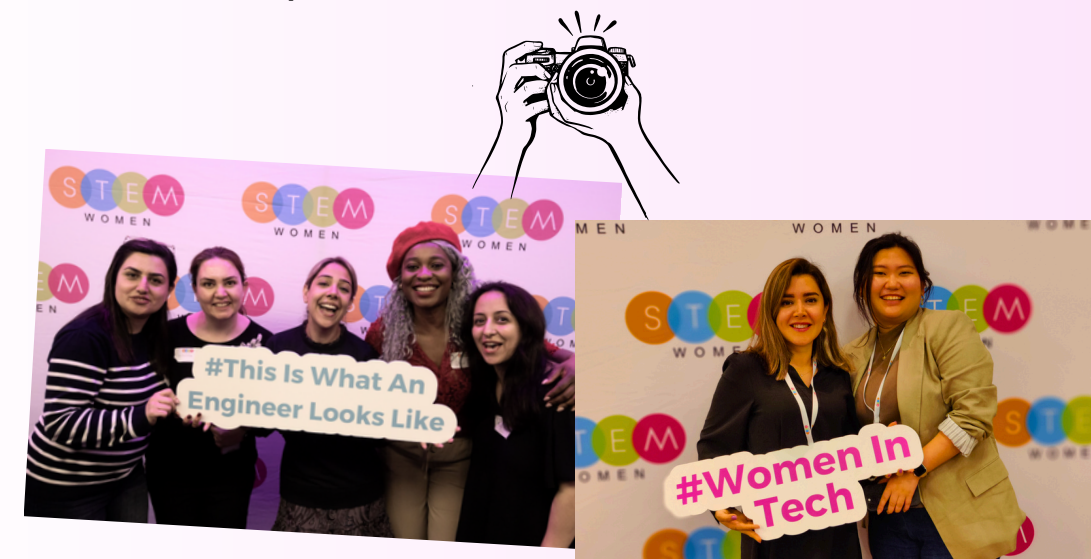

45%

Of attendees answering a question relating to ethnicity at our most recent virtual UK event identified as Black, Asian or minority ethnic.

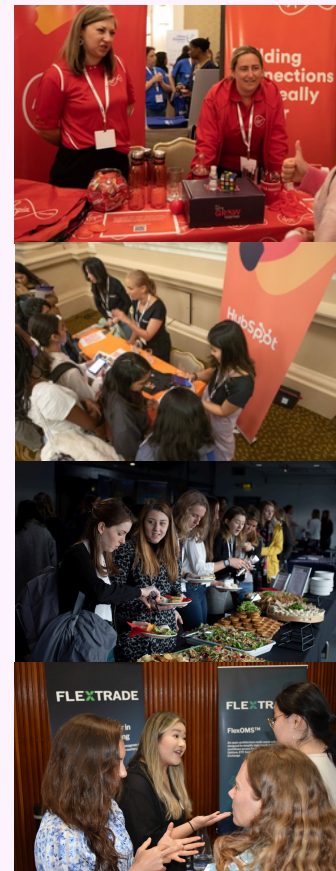

9%

Of attendees answering a question asking if they were a member of the LGBTQ+ community at our most recent virtual event said 'Yes.'

Exhibiting at an in-person STEM Women Event

- » Exhibitors have a table, chairs and can display promotional materials.
- » Bring a banner to fit in a 3 metre wide space.
- » Buffet lunch provided for all exhibitors.
- » Students visit the stands during the afternoon.

EXAMPLE STAND

Which in-person package is right for us?

Basic Package

You can bring up to 3 reps on a Basic Package giving you a great opportunity to meet all the relevant attendees in person.

Data Package

Upgrade to a Data package to receive the academic and contact information for everyone who signed up for the event and consented to having their information shared. This is typically double our actual turnout on the day. E.g 300 people attending on the day means you can expect around 600 people included in the post event data!

Premium Package

This is a great package to maximise your exposure, you can bring 5 reps on the day (instead of 3), have a 150 word programme entry (instead of the standard 50) and you will be included in our post event email with a link to your desired webpage.

Speaker, Speaker with Panel and Sponsor Packages

These packages are only available at our London events. Our Speaker Packages allow exhibitors to deliver a 10 minute insight talk and introduce their company. There is also an option to have a representative in a 30 minute panel discussion, and the event sponsor can deliver a welcome address.

Exhibiting at a virtual STEM Women Event

- >> Populate your stall, show company information and video content.
- >> Students visiting your stall can initiate chats. You choose if it is a web or video chat.
- >> Employers can initiate chats. Search features allow you to filter by course.
- >> Option to deliver talks, post jobs, list live roles and receive applications.

OUR VIRTUAL LOBBY

Which virtual package is right for us?

Basic Package

Populate your virtual stall with content and have 3 virtual representatives who will chat live to attendees 1-1 via your stall. Your reps can also search our attendees and reach out, perfect for targeted sourcing. You can list 1 job listing on the event job board with this package.

Data Package

Upgrade to a Data package to receive the academic and contact information for everyone who signed up for the event and consented to having their information shared. On this package you can add 3 virtual reps and you can list 5 jobs on the event job board.

Speaker, Speaker with Panel and Sponsor Packages

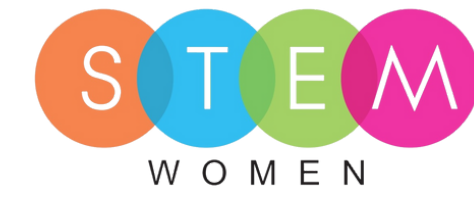

These packages are available at all online events. Our Speaker Package allows exhibitors to deliver a 10 minute insight talk and introduce their company. There is also an option to have a representative in a 30 minute panel discussion, and the event sponsor can deliver a welcome address.
